

NUCOREVISION, INC.

Serving our customers through identification of their business needs, forming collaborative partnerships, and leveraging technology to improve organizational effectiveness and achieve strategic goals.

Who We Are...

NuCoreVision, Inc. (NVI), headquartered in Lanham, MD, is a small and minority owned business established in 1996. NVI provides a range of technical service offerings from enterprise application and database development, information assurance, cyber security, user interface design, training, evaluation metrics to IT consulting for federal and municipal government agencies, non-profit and commercial organizations worldwide. NVI technical consultants apply business process/requirements analysis, decision theory, and quantitative methodology to translate our stakeholders' organizational goals into reality. NVI holds a **Top Secret Facility Clearance**.

"We treat every customer as though they were our only customer and provide value through our people, passion, professionalism and performance." —Ted Fells, CEO

Core Values
