

Seaport-e

Contract Details

NucoreVision, Inc. provides services in response to task orders issued under this contract by the Naval Sea Systems Command, Naval Air Systems Command, Space and Naval Warfare Systems Command, Naval Supply Systems Command, Military Sealift Command, Naval Facilities Command, Strategic Systems Programs, and the United States Marine Corps. Additionally, activities may provide limited support under this contract to other U.S. Department of Defense (DoD), non-DoD, or joint agencies for work that is integrally related to product areas and mission.

The NucoreVision Team is qualified to provide professional support services for all NAVSEA Program Executive Offices, Directorates, Warfare Centers and Field Activities utilizing the NAVSEA SeaPort Enhanced (SeaPort-e) Contract to the following four (4) Functional Service Areas:

- **Functional Service Area 12** - Information System (IS) Development, Information Assurance (IA), and Information Technology (IT) Support
 1. Certification and Accreditation (C&A)
 2. Continuity of Business Operations and Planning (COOP)
 3. Standards Compliance & Policy Development
 4. Training and Education
 5. Security Network Assessment Program (SNAP)
 6. Security Architecture Design, Review and Implementation

- **Functional Service Area 18** – Training Support

- **Functional Service Area 20** – Program Support

- **Functional Service Area 21** – Administrative Support

Zone 2: National Capital

How does the SeaPort-e work?

To meet objectives and to increase efficiency, the Naval Sea Systems Command (NAVSEA) Warfare Centers established the Seaport Enhanced (SeaPort-e) Multiple Award Contract (MAC) vehicle. Other activities, including the Military Sealift Command, Strategic Systems Programs, Defense Threat Reduction Agency (DTRA), and the United States Marine Corps have also chosen to use SeaPort-e. All task orders are competitively solicited, awarded and managed using the SeaPort-e platform. The SeaPort Portal is accessible through the NAVSEA professional support services web site (www.seaport.navy.mil).
